Level 1 Handoff Diagram

Figure 3

Level 1 Handoff Diagram for the Proposed To-Be Process

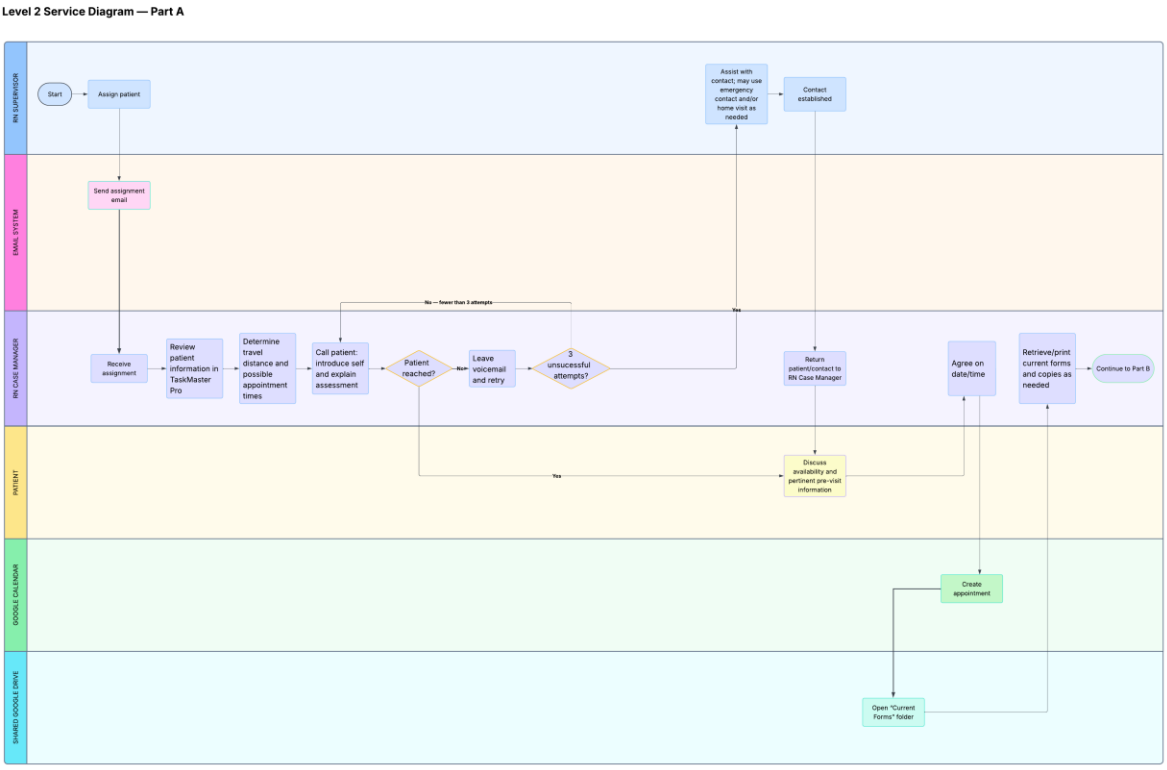

The Level 1 Handoff Diagram presents the major actors and systems involved in the proposed process: the RN Supervisor, Email System, RN Case Manager, Patient, Google Calendar, and Shared Google Drive. It shows the major sequence from assignment through patient review, scheduling, preparation, confirmation or rescheduling, readiness verification, travel/safety preparation, and arrival at the patient's home prepared to begin the assessment.

Level 2 Service Diagram Part A & B

Figure 4a

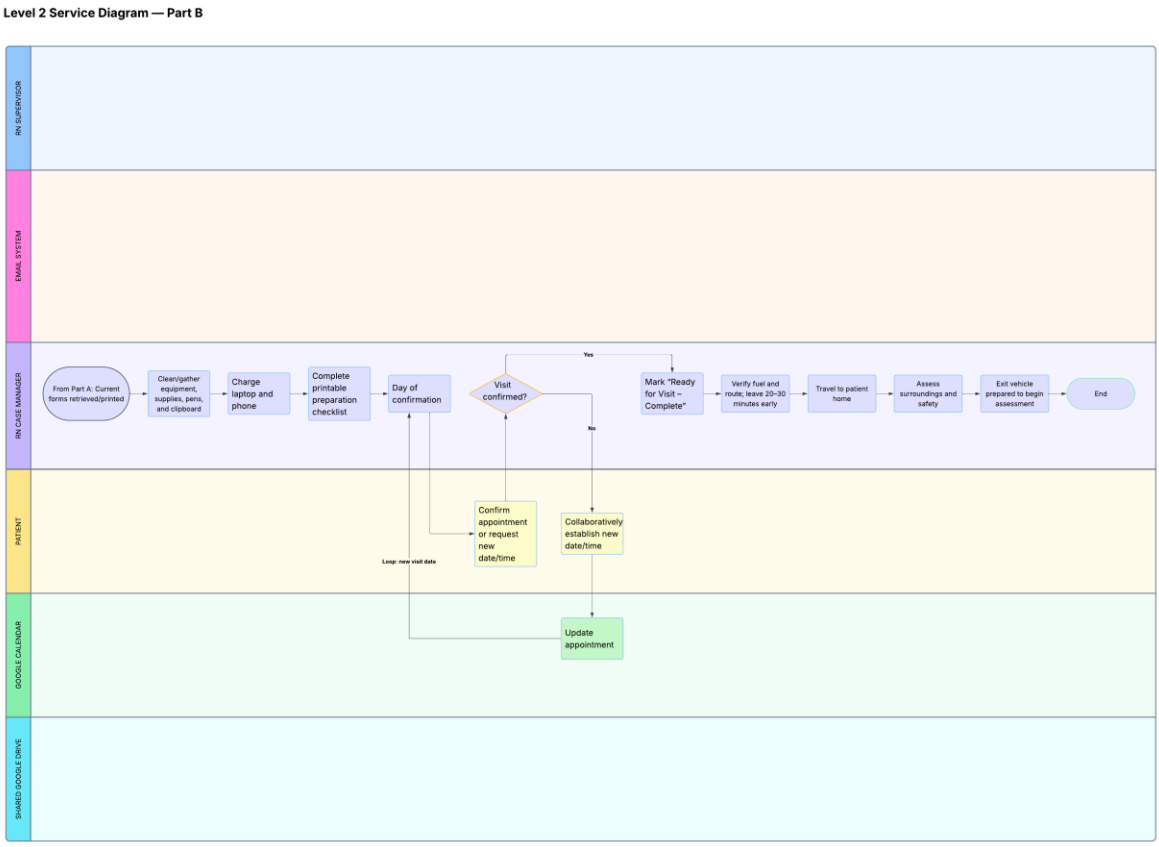

Level 2 Service Diagram—Part A: Assignment, Patient Contact, Scheduling, and Form Retrieval

Part A expands the handoff-level workflow by showing patient-contact attempts, the escalation pathway after three unsuccessful attempts, supervisor assistance with establishing contact, return of responsibility to the RN Case Manager, collaborative scheduling, creation of the appointment, and retrieval of current assessment forms.

Figure 4b

Level 2 Service Diagram—Part B: Preparation, Confirmation, Readiness Verification, Travel, and Safety

Part B continues the service-level workflow from form retrieval through equipment and technology preparation, completion of the printable checklist, day-of confirmation, rescheduling when necessary, readiness documentation, travel preparation, travel to the patient's home, and final safety assessment. The process ends when the RN exits the vehicle prepared to begin the comprehensive nursing assessment.
